Dear Councilors,

I write in strong support of a resolution to end Cambridge purchases of HP products to protest HP's support of current Israeli policies that marginalize Israeli's of Palestinian origin and deny the legitimate rights of Palestinians.

I was brought up as a secular Jew, but one who has always felt that as long as there is anti-Semitism, I am Jewish. However, I do not confuse support for Jews in this sense for support for the current policies of the State of Israel. I hope that the Councilors of Cambridge can make this distinction as well. Please show your opposition to apartheid practices by Israel and end the purchase of HP products.

Yours truly,
